

Subject

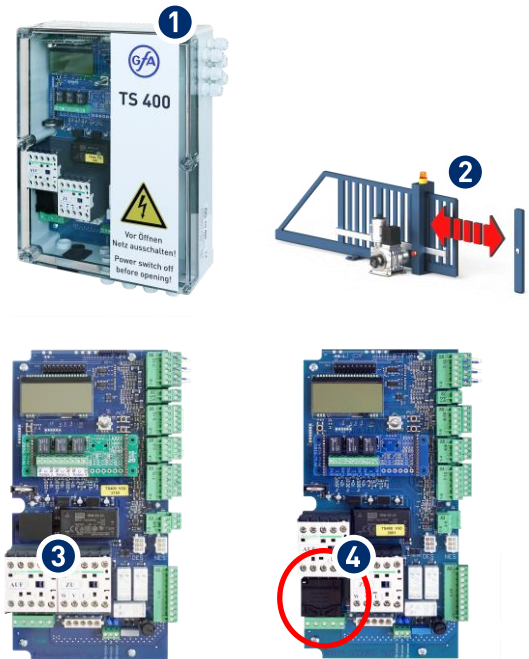

Sliding door control TS 400 – hardware adaption

Description

To meet the requirements of EN 12453¹⁾, which is due to be amended, the TS 400 door control (1) for sliding doors (2) has been given a hardware adaption.

An additional contactor is installed for the implementation of an independent shutdown option (3 ⇒ 4).

The functions of TS 400 remain unchanged.

Product

Designation	Description	Part no.
Sliding door control TS 400		
TS 400	ST door control 400 V / 230 V for DES/NES	20040000.00001
